TW Facilitators serve as the first line of support for those embarking on their trauma-healing journey. They form the bedrock of a community of felt-safety by establishing safe and nurturing environments where individuals can openly discuss their experiences and emotions.

This program equips participants with the skills and knowledge required to lead the 6-week Wellness Circle sessions. Facilitators will delve deep into the techniques of motivational interviewing, fostering safe environments, and managing group dynamics to ensure constructive dialogue.

Advocate and Coach

- **3-6 Month Training | \$750 Investment**
- **Benefits:** Acquire skills to support educators, community members, and caregivers; enhance leadership.
- **Outcome:** Recognized as a community leader, improved community resilience.

Learn more and [APPLY HERE](#)

TW Advocates are pivotal in bridging the gap between trauma-impacted groups and the broader community. They ensure that caregivers, educators, and community leaders are well-equipped to provide trauma-informed support.

This program trains participants to support and scaffold the caregivers, educators, and adults in their community. Advocates learn how to seamlessly integrate trauma-informed practices into varied contexts, from schools to homes, ensuring holistic support for trauma survivors.

Trainer and Educator

- **6-9 Month Training | \$2,000 Investment**
- **Benefits:** In-depth knowledge and training skills, Participation in collaborative events, Continuing education opportunities
- **Outcome:** Certification in TraumaWise Learning sessions, Opportunity for income from TraumaWise Trainings, Partnership in TraumaWise Trainers Network

Learn more and [APPLY HERE](#)

TW Trainers share timely and practical information for implementing and sustaining trauma-informed practices. They ensure that a broad audience, from organizations to communities, understand and can apply these practices.

The TraumaWise Trainers program prepares participants to deliver Trauma-Informed Practices and Learning Group training sessions. It encompasses comprehensive modules on trauma types, effects, coping strategies, and training methodologies.

Community Leader

- **9-12 Month Training | Starting at \$4,000**
- **Key Focus:** Advanced trauma knowledge, coaching techniques, building support structures.
- **Outcome:** Leading figure in trauma-informed initiatives, driving community change, TraumaWise Partnership Opportunity

Applications open August 2024

TW Activators are the vanguard of the TraumaWise community. They possess an intensive understanding of trauma and its impacts, empowering them to create and sustain long-term support structures in the community.

This intensive training program is designed for those committed to making long-term, sustainable impacts in their communities. Activators learn advanced trauma knowledge, coaching techniques, and strategies for building and maintaining community support structures.
